# Arts & Charts

The complete Country Music Charts exactly as they appeared in Billboard magazine from 1944 to the present, in high resolution, taken from the celebrated magazine's pages.

From the owner of COUNTRY MUSIC DATABASE® who has one of the largest collections in the world (with records, videos, magazines, books and comics) comes his latest epic project!

More than 70 years of Country Music Charts from the beginning. The volumes are published in random order (like Marvel's beautiful series "The Epic Collection").
